Be Prepared For Gripe-Influenza

Advices Calling a Physician But Take Precautions While Waiting

If you ever suspect that you have influenza get in touch with your doctor and do what you can for yourself before he arrives.

Take something for your bowels at once and be sure and rub Mustarine on your throat and chest. This treatment wards off inflammation, which often results in pneumonia, and is used by many of our ablest physicians. Mustarine is better than any mustard plaster. It will not blister, and it has proven of great value in sore throat, chest colds, bronchitis, tonsillitis and pleurisy. Just rub it on, that's all.

WESTMINSTER

"What of those who died in battle?" Archdeacon Smyth's interpretation was given to Westminster by its pastor Sunday morning, a most suggestive and helpful discourse for all who fear or have at any time feared death. Rain and consequent condition of roads prevented evening public worship.

The topic for the midweek home prayer circle was "How does the recent victory and end of the world war interpret God to man?" Ps. 87: 4. Miss Helen Koch, Frank Koch and their little brother have returned to New York.

The last of the hunters has left Brookside, their favorite rendezvous during the season.

Mrs. John Kneubueher is at home for a little. She recently suffered a severe attack of Spanish influenza while in New York. The ailment is still in overseas service.

Westminster has responded well to the call of the united war work campaign through the various solicitors this side of town as well as the whole town. Canterbury as a town raised \$470.30. This district, comprising Sterling, the township of Plainfield and Canterbury, was allotted \$10,000, and voluntarily increased it to \$16,000. It has raised \$19,339.30, thus more than raising its chosen high water mark, and as a district standing second in the state, that of New Haven city being first.

On Westminster Hill but two or three families chose not to be included in the war work campaign fund, and in a number of cases several responded from the same family. The collector, Mrs. Oscar Hubbard, won sincere praise for her painstaking work. Distance and expense make it inad-

visable for many from this locality to attend the corn fair held by the Windham County Farmers' association at Odd Fellows' hall, Putnam, but some have sent entries both for the grain and the home economics sections. This is the second annual corn fair and the first to have money awards, by most more earnestly desired than ribbons.
